## 4TH QUARTER HIGHLIGHTS

### *Installation of Promethean Boards*

A Promethean Board is a specific brand of interactive whiteboard that allows you to project an image from a laptop or a computer, as well as interact with the board through touch or specialized pens. Teachers can use this to annotate while reading, and show videos in exceptional quality. Students report the lesson is easier to see and that participation is fun! Staff and students are thankful to have this new learning tool in the classroom!

### *New exterior paint!*

The exterior of the school and gym is being repainted to give the campus a fresh new look! Come check out our updates!

**visit [www.camplivingwater.com](http://www.camplivingwater.com) or email [allthingsyouthgroup@gmail.com](mailto:allthingsyouthgroup@gmail.com) for questions. Sign up now thru June 1st.**

## ATHLETICS AND GODLY CHARACTER

Over 100 students participated in nine sports this year with the Varsity Football team advancing to SSAC State Semi Finals, and our Varsity Girls Basketball team advancing to Regionals. Elementary students enjoyed six sports in our elementary sports program.

The most important goal of Lakeside Athletics is to use the program to help student athletes develop a deeper relationship with Jesus Christ. During practice and athletic competition, opportunities arise for the athletes to apply God's Word and His principles to their lives. Dedicated Christian coaches help the athletes relate the victories, hard work, and defeats experienced on the playing field to their daily walk with Christ. Coaches encourage players to do their very best for God's glory. Lakeside Athletics also uses discipline and physical training to develop important values in the athletes' lives. The core values taught to participants include commitment, unity, responsibility, discipline, respect, and integrity.
